PHONE CALL

Mr. Smith was transferred to me. He had tried to reach Cynthia Hutchison or JoAnn Heiman but both of them were not in the office today. Mr. Willert explained that he had been out of the office and returned yesterday to find the 3007 request for information. He said it was mailed on 5/14 and so the ten days would be up on Sunday. I said that the ten days was from the time he received the letter. He said he wasn't sure when it was received. I said I could give him an extension until June 1. He replied that was good and he hoped to have his response in sooner than that.
